**“To inspire the children of tomorrow to dream the impossible, spread their own light, follow their own path and be fearless of darkness, only then can we look up to them with pride & hope”**

# From Principal's Desk

**Dear Students**

**YOU are the stars of tomorrow!**

**It's not only a statement but it is a belief that each one of you has a unique skill and potential to make you a super star, Sirius.**

**Embrace your personality and unchain your inner strength .Keep this spark ignited .It will lead you with extraordinary motivation to achieve your goals .It will drive your energy to push you to work hard and keep going even when things are not going your way.**

**Remember one thing that all successful people have one thing in common, they are different than anybody around them and they respect it. Your teachers and your Principal are committed to facilitate, enable and empower you to unleash your innate potential. We are very sure that you will be prepared, to ace any challenges now or in the future with courage and confidence to grow to be the stars of tomorrow.**

**Never forget that stars shine with their own light and also illuminate the lives of all around them. Pause and think. Here comes another most important dimension of your personality that you need to embrace i.e. you have to nurture values like honesty, truthfulness, generosity and dependability to live a life of dignity ,happiness and fulfillment and make the world a better place to live for yourself and others.**

**Be good and Do good!**

**Mrs Santosh Bhandari**

# From the Director's Desk

**Dear Students, Teachers and Parents,**

With great pride we witness the growth of The Sky World School as it evolves from being a School to an Institution to a School of Tomorrow. Thank you for being a part of the wonderful Sky Community where we are in the process of building a world class learning community.

Whenever I have occasional chance to communicate with you, I will pick one aspect that I feel is relevant and will speak about it. On this occasion I would like to bring to your attention the core of the Sky Learning System as designed by our esteemed Educationist, Mrs. Santosh Bhandari.

Now that as every field witnesses growth in its best practices, so does the field of school education. One of the biggest shifts that has happened in school education from our times is the complete shift from Rote Learning to Experiential Learning. While Rote Learning was a leftover over of the Industrial Area where workers needed to retain some information and were mere clones for assembly line style production; today we no longer live in an Industrial Age but an Information Age.

As a result the Best Practices required for creating a best in- class Education Model for a student has also undergone complete transformation. The child today has access to all the information around the planet at the touch of phone screen; he needs to learn how to ask the right questions, how to process the information, how to analyze it, how to acquire knowledge using it and, finally and most importantly, how to apply it.

And this is known as Inquiry Based Teaching Learning Method that our talented Sky Teachers use as a basis to implement each lesson for their students. This is an important Approach that serves as a building block of the Sky Learning System designed by our chief educationist.

Sincerely,

**Manu Bhandari**

**MBA (HEC) , MSc (LSE)**

# From the Director's Desk

## Dear Students

If we as students of this school strive harder and set higher goals for ourselves then the sky is the limit and there is nothing that can stop us from getting there. I firmly believe that you have the potential to excel in every field you undertake and every challenge you face. This Newsletter is an evidence of your resolve to emulate your teachers, parents, and seniors. From your work on and off the field and in and out of the classroom, art, sports, academics and various competitions and activities that you have participated in, you have shown your true mettle.

I want to remind you that on this foundation lies the whole superstructure of morals, sanskaars and values. We work hard to achieve our success but sometimes neglect the things that make us what we are everyday: a good person. Remember that you are the cornerstone of a new world whose birth is imminent, for if the cornerstone is weak, then the whole structure will be weak and vulnerable. Keep it up my dear young stars and all the best .

**What a Beautiful Day !  
Oh! What a beautiful day it is !  
After the pitter-patter last night  
The sun shining bright  
Oh ! What a beautiful day it is !  
The birds singing sweet songs  
And squirrels running on branches long!  
Oh! What a beautiful day it is !  
Look at the rainbow in the sky  
So colourful and high.**

**1. I have a face and two hands and no arms or legs what am i?**

**Ans : A Clock**

**2. Where will you find Friday before Thursday?**

**Ans : In a dictionary**

**I sat at home,  
With my mom,  
Playing Spellex all alone.  
Then I ate rice and meat,  
But I didn't know how to eat!  
So I ate with knife and fork,  
But it spilled on the floor.  
Then I went to the park for a walk,  
But I ended up buying a clock.  
But I don't have space to hang,  
So I went and bought some tang.  
Next day in school I started to mind the class,  
But a child ended up breaking a glass.  
But the responsibility of mine,  
But I ended up wasting my time,  
So I am singing a rhyme.**

## **Chemistry Jokes and riddles**

**What is the chemical  
Formula of banana?**

**BaNa**

It was a hot summer night  
To happen that plight  
In my room, I heard a sound  
Which forced me to be spellbound  
Of course it was a rat  
my wife should be fat  
After my mistake she should sat.  
I switched on the lamp  
To see in mirror as I was on a  
ramp  
I admired my face  
To come first in looking hand-  
some race.  
Time stopped, it was a mystery of  
cube  
Something fallen like a tube  
Death lurked inches away  
A fat snake was on the way  
I sat like a stone  
It started to crumble my bone  
The smearing of fear fog  
My prayer started to god  
It was a miracle  
Snake looked in forgetting his  
tackle  
Snake left his duty  
By admiring its own beauty  
I quickly ran, ran, ran  
As fast as I can.

## **A Bengali Funny Story**

### **Mishti (Sweet ) Mango**

**Gopal Bhand had a large appetite and was known to eat enormous quantities of food especially when invited to feast. One day a Zamindar decided to test his capacity and invited him to lunch. Gopal ate as much as three men would have done and then emitted a loud blech. "Enough ?" asked his host . " No place for even a grain of rice more "said Gopal.**

**Just then a servant came in with a plate of mango slices."Mango" exclaimed Gopal,his mouth watering .He took the plate from the servant and ate all the slices. "Amazing", said the Zamindar ." You said you did not have place for even a single grain of rice yet you devoured almost three mangoes .How do you explain that?" asked Zamindar. "Very Simple", said Gopal. "What happens when you walk into a crowded room ? Everyone steps aside to let the royal person pass .Something similar happened here. The mango being the King of fruits ,all the food in my stomach made a way or it ."**

**Trisha Das  
Grade - VI**

## **I Am Happy When**

**I experience lots of laughter in small moments. I am happy when I go to park and have fun. I am happy when I get gifts. I am happy when I go on a ride with my father .I am happy when I go for outing with my father. Helping people gives me happiness .I feel very happy to live in India. Doing work on time makes me happy. I am happy doing when I try my best to be happy. I think that happiness is very important .Whenever you are doing work you should be very – very happy .Giving of abundance, increases our feelings of happiness in little things .Happiness is large a matter of being thankful .Sharing with someone in need helps us feel more thankful for the things we have . When was the last time you counted your blessings? Make a list of things that are a blessing to you .Do you live in good road and have a car that runs? Do you have running water and electricity? Many others around the world do not have these simple amenities .If we enrich the world with happiness and contentment, the world would be a paradise.**

**Anshita

## **My Journey in theSKYworldschool**

I joined the Skyworld school in 2014 in 2<sup>nd</sup> standard. My father is in Govt. of India Service and he was transferred from Maharashtra to Haryana. He searched around for a good school for me, especially, the one with stress on spoken English language. He came across theSKYworldschool and was impressed by the building at first glance. He met Mr. Manu, the Director of theSKYworldschool, and after meeting him, my father felt that Skyworld would be the perfect choice for what he was looking for.

Since then, I have been learning and growing in very peaceful and tranquil environment of the school. It is very satisfying to see that each class teacher of mine in the last four years have not only loved me but also made me disciplined. I feel that they have worked hard to bring the best out of me. I am really indebted to them.

The motivational speeches of Mrs Santosh Bhandari, the Principal of theSKYworldschool, are one of the best things I liked in this school. I got individual attention which encouraged me to do better and better in studies. This school has shaped my formative years and instilled good values in me. As a result of this, I feel more confident and want to perform better. I shall always remain grateful to this school, to the learned teachers, guiding Principal and to the serene and impressive environment of the Skyworld school.

# Rang DE Ek Zindagi a weekend of Art and Culture

theSKYworldschool, organised 'Rang De Ek Zindagi 'a weekend of Art and culture, to empower education for under privileged children. The aim in organising ,such an event was to sensitize the young minds towards national consciousness, in still pride in Indian cultural and Heritage, giving young minds and novice artists, a platform to unleash the hidden artistic talents and ignite innate spark in the children through the medium of Art and singing, creative writing and rangoli . It also gave the children an opportunity to meet national level artist and get inspired by them. The day encompassed several activities: Drawing and Colouring Competition, Shabhad and bhajans, creative writing, poster making and rangoli making on the theme of Indian culture and heritage for various age groups ranging from 4 years to 15 years. The programme was graced by Mr Gian Chand Gupta, who is a member of the Haryana Legislative Assembly from the BJP representing the Panchkula Vidhan sabha Constituency in Haryana and Shri Madhav Kaushik, , Chandigarh-based Hindi poet, the vice-president of the Sahitya Academy. Speaking on the occasion the Chief guests, appreciated the school management for holding such an event for Instilling national consciousness and preserve the rich cultural and heritage amongst children so that they do not forget their roots and take pride in it. The event generated an enthusiastic response from all sections of people. A myriad of approximately 500 artist thronged the venue.

# Dussehra celebrated at theSKYworldschool

**Dussehra was celebrated with zest and fervor .Ravan’s effigy was burnt. The ceremonial burning of the effigy symbolized the burning of vices within a person and belief in triumph of good over evil. Various activities related to the occasion were conducted .Children were acquainted about the importance of the occasion .A special assembly was conducted wherein , children presented speeches on Dussehra and its importance. The Director- Principal Mrs Santosh Bhandhari wished the teachers and students on the occasion.**

# Diwali Carnival hosted on 4th November at theSKYworldschool

TheSKYworldschool hosted the Diwali Carnival for the very first time which received an overwhelming response. Approximately, 4000 people turned up for the show. The school provided 30 stalls to the teachers as well as outside vendors, who sold homemade eatable, diyas, decorative items. Various interesting games were also held with interesting prizes. The games were actively played by parents as well as students

# Book Fair

Books quench our thirst for knowledge. Reading improves our cognitive function and memory. The healthier our brain is, the more we are able to focus and develop our analytical skills. Keeping the same in mind, the management Sky World School facilitated the students and teachers with a three days book fair, organised by the brand name 'scholastic', hoping children discover the pleasure and power of reading.

# Mini Olympics - Sports Day

"Champions keep trying until they set it right." Sports play an immense role building the character of a good human being. Sports help students learn the spirit of true-sportsmanship, boost up their courage and help facing the failures positively.

SKYworldschool organized its annual Mini Olympics on 17th feb 2019 where Mr.Gian Chand Gupta, Cabinet Minister Panchkula was honored as the chief guest.

The sports were categorized under two levels: Junior and Senior. The tiny tots displayed sportsmanship and enthralled the audience with their fun-filled races which include: Jelly Fish race, Pyramid race, Run-pick and place, Frog race, etc. The event began with a spectacular welcome dance and speech by the Director Principal Mrs Santosh Bhandari.

The event consisted 100m, 200m and 400m races for senior students class wise along with relay race (inter house). The main attention of the show was the race competition kept for parents, which they enjoyed thoroughly.

The school thanked everyone who contributed their services either directly or indirectly for the grand success of this mega event. The winners were awarded with medal and certificates. The zeal and enthusiasm of SKYworldians was witnessed by huge audience present there.

# Children of the SKYworld school visited Nada Sahib Gurudwara

The SKYworld school organized a trip to Nada Sahib Gurudwara, the religious place of Sikhs from Playway to class X from 19- 23 November 2018. The children entered the Gurudwara with reverence. They relished the 'Langar' and the 'Karahprashad'. They went around the entire premises of the Gurudwara. Children were explained about the importance of the celebration of Guruparv and the main teachings of Guru Nanak Ji viz ,spirit of service and affection towards all human beings irrespective of caste or creed.
